Who are the Women of Today?

We are a non-profit volunteer organization that is:

- Dedicated to community service
- Committed to providing personal growth opportunities
- Creating lasting friendships

The membership represents a diverse and dynamic group of women. Some are executives or business owners, working full time outside the home and some divide their attention between part-time work and other activities. Still, others are home with children.

Our common interest is in service and financial support to the various needs of the community.

General meetings are held once a month. All prospective members are welcome to attend. Nominal dues are used to support administrative costs of the local, state, and National chapters.
